Making God's love visible
to everyone in the Middle East
and North Africa

Thanks to you, someone was there to answer Nihad's questions — and bring him to Jesus!

“I do not understand why I was created,” Nihad told our Viewer Support Team with a heavy heart.

“Last year, my whole family died in a car accident. My wife, my kids, and both my parents were gone in a blink of an eye. I am trying to find a way to die without pain, and I want to know what awaits me after death. I'm lost and don't know what to do.”

Truth-seekers in the Middle East and North Africa likely have no one around them to give an adequate answer to their significant questions.

For someone living in Iraq like Nihad, it's unlikely they'll ever interact with a Christian.

But because of your prayer support and generosity, Nihad and many others are finding the one true answer — Jesus.

As we explained the Christian story to Nihad and answered his questions, he began to tell us about a near-death experience he had in the hospital years ago.

“I remember seeing the Kingdom of

Heaven and hearing a voice say, 'worship.'"

We told Nihad that God loves him deeply and that the vision was His way of declaring His love. Nihad told us he wanted salvation, but deep questions still kept him on the fence . . .

Why does God not put an end to criminals and murderers? What about the poor and all who cry out to Him daily, but no one ever seems to listen to their screams? Why do people seek salvation in money? How could material things bring you salvation?

But God's deep love won against Nihad's deep questions.

A LIFE-ALTERING EXPERIENCE

Nihad reached out to us again and said that what we shared is what he's looking for. He proclaimed, "Jesus is our Savior in Heaven, the Son of God, and the voice of God. He is God in flesh who came to show His love by sacrificing

Himself to save humanity from darkness and suffering!"

We prayed together, and Nihad accepted Christ's love and salvation. He shared with us what he felt as he declared Jesus as his Savior.

"I experienced something unlike anything I've felt before. I felt Jesus standing before me with a golden cross, wearing His crown of thorns but made of silver. I want to tell people that Jesus is the way to salvation and that there is hope and life through Him. I want to give my life as Jesus has sacrificed His life for me. I want to be an evangelist for Jesus Christ."

"I WANT TO TELL PEOPLE THAT JESUS IS THE WAY TO SALVATION . . ."

The impact of your support doesn't stop at salvation. You make it possible for new believers like Nihad — who have no church — to live by scripture, walk in faith, and fulfill God's call no matter the persecution that comes their way.

A new initiative to equip Isolated Believers is gaining momentum

Gathering with other Christians in regions like Iran and Afghanistan can come with a high cost — violence, time behind bars, and, in worse cases, even death.

But through a new SAT-7 initiative, you can safely bring vital encouragement to Persian-speaking Christians facing persecution.

Discipleship Across Borders is a multi-platform media and follow-up project that broadcasts full-length programs — each one including worship, teaching, a devotional, testimonies, and one-to-one support opportunities — that share hope, encouragement, and discipleship tools with Isolated Believers in hard-to-reach countries.

YOU CAN TAKE DISCIPLESHIP TO UNREACHABLE PLACES

Mazdak has been a believer for 12 years. And in all those years, he has never had access to a church.

“You’re transforming the home of a believer into a church.”

— Mazdak

But through *Discipleship Across Borders*, you can bring church to Mazdak and the many others in similar positions. “It is through these programs that I have grown,” he says. “You’re transforming the home of a believer into a church.”

Will you help advance God’s Kingdom? Wherever someone is on the map or in their relationship with God — whether new believer, house church leader, or truth-seeker — you can help them move forward in their faith.

Mazdak shares, “I can tell you that the believers in Iran have a real need to receive these resources to help us grow in our understanding of Christian theology.”

UNLIMITED PRESENCE

I often wonder what it’s like to live in a place where Christian worship is illegal, no churches exist, and Bibles in your language are unavailable.

Growing up in small-town Ohio, this daily lack of religious liberty is beyond my understanding. But this is the case in Afghanistan, Iran, and other countries in SAT-7’s broadcast region.

Isolated Believers in these lands turn their homes into secret churches. In their living rooms, they watch SAT-7 programs that speak biblical truth and encouragement into their lives.

And there, Jesus is present — just like He is present in small-town America.

“... For the same Lord is Lord of all, bestowing His riches on all who call on Him.”

— ROMANS 10:12

HOW YOU CAN PRAY

LIFT UP ISOLATED BELIEVERS IN CRISIS!

“We are fasting and praying in our churches, and we are praying that the Lord’s hand would move and alter the circumstances so that people will see Jesus.”

“My children and I locked ourselves in our home, trembling at rocket sounds but finding peace in prayer and trusting in God’s love and protection. Please pray for us, SAT-7. We are having constant online prayer meetings to stay united and comforted.”

YOU can turn the homes of Isolated Believers into churches

House searches. Ten years in prison. Unjust violence.

There’s a reason Christians in the Middle East and North Africa have no choice but to keep their faith hidden. Still, many take the risk to gather with other believers, share the Gospel, or even own a personal Bible.

Right now, you can meet Isolated Believers where they are with Christian broadcasting. Will you help disciple men, women, and children who have no church to equip or encourage them?

Every \$56 you give now will provide TWO hours of Christian programming, bringing hope and truth into millions of homes across the Middle East and North Africa.

Because SAT-7 broadcasts by satellite, programs leave no trace and virtually bypass censorship. You can bring biblical, spirit-lifting programming right into people’s living rooms.
